Church Data

Church Contacts

There are two distinct sections to provide information for the yearbook.

- **Church Data** provides information about the church for the calendar year of **2016 (January 1 to December 31)**.
- **Church Contacts** provides information about the people, i.e. pastor, delegates, staff, for this church. This information can be changed at any time a change is needed. We appreciate having changes made as they occur.

The reports open similarly. For Church Data, click on the **2016**. For Church Contacts, click on the **LastName**. This will open the form to **DISPLAY** the current information. If you wish to change it, you must click the **EDIT** Item icon in the top left corner of the screen. Then you may change data that is displayed, or answer questions where there is a blank. Changes can only be made after selectin the Edit Item icon.

We have added two buttons at the end of the Church Data form so you may now SAVE & CLOSE while you are working, then come back to finish it later. When you have completed all of the questions and are completely done with the Church Data, you will change the last answer to **COMPLETE** and then **SUBMIT** the form.

Church Data must be COMPLETED and SUBMITTED by February 10, 2017
