

General Conference 2015 will place an emphasis – more than ever before – on resourcing churches and ministries around the world. GC15 aims to equip Free Methodist leaders and teams. One component that stands out and reveals our commitment to developing and resourcing leaders is the onsite workshops designed to dive deeper into specific topics that are core to effective ministry. Over the course of three days, attendees will have the opportunity to hear from industry and ministry experts who will provide key insights, helping leaders experience more fruitfulness.

Every four years the FMCA combines our annual training conference with the FM General Conference to maximize the training resources for our chaplains while providing plentiful opportunities to network with other chaplains and learn from each others' experience. In ADDITION, the GC15 had events planned for children ages 1st grade through 18 years of age and childcare for those "out of diapers". So bring the whole family along for an inspiring time of learning, worship and vision.
