Our people are so glad to receive this kind of assistance (help) food in this pandemic time. It is beyond our thinking because our people understand every country and every people have facing difficulty because of the pandemic. Our people learn more about how great the love of Jesus is through our brothers and sisters in the USA.

F APPRECHATION TER and the entire member the love family appreciate you for shown to us, giving us special Funds to support ourselves. We pray that God Almighty will never forsake or forget you and your family sire Sir, God will reward you and your family real good.

Firstly I would like to thank God and am thankful for the Bishops for the help to relieve the suffering and difficult time of Covid19 for our people. This money is a very big blessing for our country. Not only Churches - not only FMC families but for nonbelievers. We are showing God's love and reaching out with the gospel to the people.

So we drive 45 minutes to see one village where it's people are all non-believers. We are working together with the head leader of the village, the doctor, and nurse. More than 200 people came and we only prepared for 200.

We Praise and thank God because it was such a wonderful and great day. Everyone was so happy and interested about Jesus. I hope and believe in God that they will come to Jesus soon.

One of the blessings of our denomination is the accountability and support that exists through our connection. When we respond to the requests to send funds, we get reports back about how every dollar was spent. All money sent through the Bishop's Crisis Response Fund is tracked by responsible Free Methodist leaders in the countries of need. We are so thankful to have this reliable connection to make sure the funds are being used as intended.

As we approach the end of 2020, you can imagine the increasing needs because of the recent news of hurricanes in Central America and typhoons in Asia. We also have tremendous needs because of the economic impact of Covid-19. In many countries, most of the workers are day laborers who get paid at the end of the day and then head to the market to buy food for their families. As many jobs have been suspended, the reality of starvation has increased dramatically. In some places, even our pastors and their families have been pushed to the brink of starvation. Without our help, some would literally not be alive. The UN has warned of famines of 'biblical proportions' as a result of Covid-19 and the measures to contain it.

In light of the tremendous and increasing need, would you prayerfully consider a year-end gift to the Bishops' Crisis Response Fund? You may use any one of the following options:

- Mail a check to FMCUSA, 770 N. High School Road, Indianapolis, IN 46214
- Give online at: https://fmchr.ch/bcrf
- Call 317-244-3660 between 9:00 A.M. and 5 P.M. Eastern Time Monday through Friday to donate with your credit or debit card.

Thank you for helping us meet the needs of some of the most vulnerable in our global family.

The Lord bless you and keep you.

Bishop Linda Adams, Bishop Keith Cowart, Bishop Matt Whitehead
