

## Superintendents, Help us Locate Workers for the Harvest! (Luke 10:2)

Genuine worship... Refined calling... Mentoring cohorts...  
The Next Gen 10:2 Gathering.

### Regional events:

Registration closes  
April 30

### East Coast Gathering - June 12-14

Christ Community Church, Columbus, GA

### West Coast Gathering - July 10-12

Lamb's Fellowship, Lake Elsinore, CA

The 10:2 Gatherings are designed to *encourage, equip, and connect emerging young leaders through worship, teaching, discernment, and community.*

The Next Gen leadership team has created this program to launch a movement among Free Methodist young people to reach their peers and the community with the message of Christ and His Kingdom.

### Two ways we need your help:

**1** Work with your pastors to **identify eight key young adults ages 18-25**, within your conference who are passionate about the Lord and actively engaged in ministry in His name.

These young men and women may already be sensing a call to leadership, mission, or vocational ministry, or they may simply be demonstrating spiritual maturity, initiative, and faithfulness in their local context. Participation in the LMC/CMC process is welcome but not required. We are eager to gather a diverse group of young adults whom God is already using and shaping for future service in His church.

To submit your nominations for participants [CLICK HERE](#) for the online nomination form.

You will need each nominee's email address and cellphone number to complete the form. **Nominations close on March 30th, 2026.**

**2** One way to make this event a success is to provide community, follow-up, and accountability for the participants. We are recruiting 30 Free Methodist leaders and pastors (15 for each event) to lead post-event cohorts of 8-10 participants. The cohort leaders will be given resources to help guide the monthly meeting through the first year after the event. Their way will be paid (food, housing and up to \$500 travel).

**THIS MENTOR RECOMMENDATION LINK** is to submit names and contact information for potential mentors. Our team will contact them and provide vision, training and support for those who will lead the cohorts.

Your prayerful discernment and personal invitation to these young adults and the mentors for cohorts could be a pivotal moment in their formation and calling. We believe the Holy Spirit is calling workers for the harvest.

**Let's gather them together to inspire a movement of Next Gen FM leaders!**

### **What comes next?**

Next steps will be determining which of your recommended young adults will be invited to participate. Then the registration process will be sent out to participants.

It is encouraged for conferences and churches to help attendees with their travel expenses to and from the event. While the participants are there, their meals, lodging, and program are all covered.

There is a \$25 non-refundable registration fee to secure each participant's place in the event. More information about this process and a link to the registration form will be forthcoming.
